

FIVE SPEECHES AT INDIANAPOLIS.

MR. BRYAN MET WITH AN ENTHUSIASTIC RECEPTION.

GREAT CROWDS TO HEAR HIM.

He Captured His Audiences by His Oratory and the Force of His Free Silver Arguments.

INDIANAPOLIS, Ind., Oct. 7.—The reception accorded William Jennings Bryan on his arrival in Indianapolis yesterday was enthusiastic. He made five speeches here, two in the afternoon and three at night, and at each meeting he addressed immense audiences, one of which was nearly as large as that addressed by him on Boston Common, the largest of the campaign.

Mr. Bryan addressed the largest crowd of the day at the State House. Every inch of available standing room was taken. The hall was packed with humanity; the rest on either side were crowded, and the sidewalks across the street in order to see a candidate, even if they could not hear him. Probably less than one-fourth of the audience heard him speak, but those who were able to get within the range of his voice were enthusiastic to a degree. It would be an impossibility to estimate the vastness of the crowd.

After the nominees had concluded his remarks at the State House, he was taken to the Commercial Travelers' association, in the Grand Hotel; from a platform outside the Court-house, and in the Commercial Travelers' association, in the Grand Hotel, he addressed the men of Indianapolis, and his remarks were applauded to the echo.

At night he spoke to three more audiences—to the Commercial Travelers' association, in the Grand Hotel; from a platform outside the Court-house, and in the Commercial Travelers' association, in the Grand Hotel, he addressed the men of Indianapolis, and his remarks were applauded to the echo.

MR. SEWALL ACCEPTS.

He Stands Squarely on the Platform Adopted at Chicago.

BATH, Me., Oct. 7.—Arthur Sewall, Democratic candidate for Vice-President, has made public his letter of acceptance. In opening it he announces his adherence to the principles laid down by the Chicago platform. He says:

"These principles have been of late in abeyance, but only because those whom we trusted to maintain them have failed to do so. These principles can never die. We have rescued our party from the influence of the money power, have controlled and debased it. Our mission now is to rescue from this same power and influence our own beloved country. This is the first and highest duty imposed by our party's platform. Upon the performance of this duty all other reforms must wait. The test of party principles is the government they assure; the proof of good government is a contented and happy people, and the supreme test of both is the ability to guide the country through crises, as well as to administer the Government in ordinary times."

Mr. Sewall discusses the hard times question at length, claiming that monetary legislation has made many rich, but has kept the masses and producers poor. Concerning himself, he says:

"I do not do more than my duty. I am not a politician. I am a citizen. I am a man who has kept the masses and producers poor. Concerning myself, he says:

TROOPS SILENCE BRAVES.

Choctaw Full-Bloods Dispersed When the Soldiers Arrived.

PARIS, Tex., Oct. 7.—Bloodshed at the meeting of the Choctaw Council in Tusahoma, the capital of the nation, was avoided by the timely arrival of two troops of United States Cavalry. When the Council met Monday numbers of armed followers of Jacob Jackson, the full-blooded candidate, appeared and alleged that he had been chosen Governor at the August election over Green McCurtain.

As McCurtain had received a plurality of

30 votes, and as both branches of the Council were for him, trouble was feared. The excitement was at its height the troops arrived and Jackson's braves dispersed. The Council organized without trouble.

Right in the face

of all these old prejudices and false ideas in favor of soap, see what Pearline has done. Hundreds of millions of packages have been used! That shows it. Probably there never was another household article that came into general use so rapidly, so wonderfully, and from the very start, too. You see, women were ready for it. Most of them were tired to death of wasting their time and strength and money with needless and ruinous rubbing. It hasn't taken them long to prove to themselves that Pearline is easiest, quickest, safest, most economical, in all washing and cleaning. Every woman can prove it.

TOPEKA, Kan., Oct. 7.—The officials of the Santa Fe road have about concluded that the recent explosion of the engine and the killing of seven people near Topeka, was the work of dynamite bands. An investigation is being held to find out who.

HE CAME HERE FOR A BRIDE.

BUT INSTEAD FARMER EMERSON FOUND TWO FOOTPADS THROUGH HIM.

HE WAS ROBBED OF \$800.

Two Negroes Held Him Up With Revolvers on the Levee and Went Through Him.

Peter Emerson, a farmer from Mitchell, Ill., was held up by two negroes at the foot of Locust street at 1 a. m. Wednesday and \$800 in money was taken from him.

This is the most successful highway robbery that has been committed in this city for over a year. The robbers escaped and there is little hope of their capture, as Emerson was drunk at the time and says he will be unable to identify the footpads.

Emerson left his farm near Mitchell last Monday and came to St. Louis. He had answered the advertisement of a matrimonial bureau in the city. He came here to get a bride, and was to have met a lady with a white rose on her bosom at Union station.

He had sent her \$50 to buy clothes, but she was not there to meet him. Emerson went out and began drinking.

At 1 a. m. Wednesday he was walking south on the Levee sidewalk and as he approached Locust street two negroes stepped out from a building and each with a revolver in his hand and commanded Emerson to throw up his hands. He was quick to obey and while his hands were high in the air, they went into his pockets.

From a rear trousers pocket they took a leather wallet, not knowing what it contained.

They also took a bunch of keys and several other articles. Then they turned Emerson over by alacrity.

The two footpads turned west on Locust street, and then into an alley. There they opened the wallet and found \$800 in cash. They took the greenbacks out of the purse and threw the wallet away.

It was found in the alley Wednesday morning by a policeman. When Emerson awoke at 4 a. m. he went to the Chestnut Street station and reported the robbery.

Emerson says that the young woman who promised to marry him said she was the daughter of a millionaire, and that on her marriage she would give to her husband \$100,000 in cash.

WILLIS HARMON, CONDUCTOR OF THE EAST WASHINGTON STREET AND NORTH INDIANAPOLIS LINE OF ELECTRIC STREET RAILROADS.

Indianapolis, says of Ripans Tablets under date of September 12th, 1898: "I am 24 years old, was raised in the country and have lived in Indianapolis about two years. In the street railroad business it is 'catch as catch can' in getting one's meals. The irregular treatment of my stomach began to give me trouble and six months ago I was at my worst. Everything I ate distressed me. I tried two first-class physicians, one after the other. No relief. I got worse. Tried patent medicines. No improvement. One day I bought a box of Ripans Tablets. With the first dose I began to improve. Relief was immediate. I have bought a second box. I think I am cured, but I want the remedy handed. I have recommended the Tablets to a number of persons. I believe in them."

Ripans Tablets are sold by druggists or by mail at the price of 50 cents a box to be sent to The Ripans Chemical Company, 10 Spruce st., New York. Sample free. No charge.

WILLIS HARMON, CONDUCTOR OF THE EAST WASHINGTON STREET AND NORTH INDIANAPOLIS LINE OF ELECTRIC STREET RAILROADS.

Indianapolis, says of Ripans Tablets under date of September 12th, 1898: "I am 24 years old, was raised in the country and have lived in Indianapolis about two years. In the street railroad business it is 'catch as catch can' in getting one's meals. The irregular treatment of my stomach began to give me trouble and six months ago I was at my worst. Everything I ate distressed me. I tried two first-class physicians, one after the other. No relief. I got worse. Tried patent medicines. No improvement. One day I bought a box of Ripans Tablets. With the first dose I began to improve. Relief was immediate. I have bought a second box. I think I am cured, but I want the remedy handed. I have recommended the Tablets to a number of persons. THE MARKETS.

ST. LOUIS, Oct. 7.—The Department of Agriculture will furnish the estimate on the crop of wheat, corn, sorghum, sugar cane, cotton and rice. It is generally expected that the average yield of wheat will be below 12 bushels per acre and the total yield near 400,000,000 bushels.

The Minneapolis Market Record says that with receipts at Minneapolis and Duluth to date on this crop (after deducting duplicates) 1,000,000 bushels, required for country mills 2,500,000 bushels and for export 1,500,000 bushels, would leave 400,000,000 bushels, only to come forward in next ten months, providing the crop estimate of 400,000,000 bushels.

In Germany the complaint of the potato crop due to the late frost has been lessened in severity, but the scarcity of crops of Russian grain is perhaps the main cause of the shortage of wheat. The Russian crop is estimated at 4,000,000,000 bushels, 750,000,000 bushels in 1900 and 800,000,000 bushels in 1901.

There will be no season of the Merchants' exchange fund, the board adjourned in observance of "Fair Day." On the following day the Chicago Board of Trade adjourned to observe "Fair Day." The Chicago Board of Trade adjourned to observe "Fair Day."

The large Northwestern wheat movement is said to be about 1,000,000 bushels. The Chicago Board of Trade adjourned to observe "Fair Day."
